## JUDGE HENSHAW MAY BE IN THE FIGHT

### Justice of the Supreme Court is Said to Aspire For the Federal Judgeship.

The politicians who have thought that the fight for the position on the new United States District Court bench was to be between ex-Justices W. C. Van Fleet and Collector of the Port Fred S. Stratton are just now a good deal concerned because of the appearance of a "new Richmond in the field."

The contestants had laid ex-United States District Attorney Marshall D. Woodworth away with his political fathers. Other aspirants for the coveted place had come and gone. The people of the State had settled to the conclusion that either Stratton or Van Fleet would have the place just as soon as it was created.

Of course Van Fleet was strong with Herrin. He had done railroad politics in a program way for a long time. His associations were all with the railroad clique. But Herrin hasn't been so strong of late. His plans have gone agley. There is a tendency to make fun of his "organization," and to be made fun of is fatal to a politician. If Herrin should lose the fight for the chairmanship of the Republican County Committee tonight his name as a factor in Republican politics will become a byword.

Stratton, on the other hand, has not always taken orders. He was one of the leaders of the revolt against Dan Burns when Herrin wanted the Colonel for United States Senator. But he was close to Senator Perkins and had been the law partner of Circuit Judge W. W. Morrow, who is engineering one of the bills in Congress establishing a new District Judge for the Northern

California District. He also is a friend of United States Senator Flint. So he has been given the place in the calculation of many of the politicians. But just now appears the "new Richmond."

He is none other than Supreme Court Justice Frederick W. Henshaw. It so happens that Justice Henshaw's twelve-year term on California's highest bench will expire this year. There has been much question as to whether he would seek a renomination. Recently the idea has grown that he would throw his influence to Superior Judge Harry A. Melvin of Alameda county, who seeks the nomination. Henshaw and Melvin have a bond of sympathy in a hatred of Governor George C. Pardee.

But now comes the knowledge that Justice Henshaw seeks the appointment as District Judge when the new place is created. At once it is seen that he is a formidable candidate. He is closer to Herrin than any of the others. He is related to Judge Morrow by marriage. Though not on the easiest terms with Senator Perkins he is a dear friend of Senator Flint. But above all things else he is the bosom chum of Secretary of Commerce and Labor Victor H. Metcalf, and has also the earnest backing of Frank J. Heney.

So the politicians have somewhat modified their notions as to who is to get that coveted District Judgeship, and the aspirants are in more confusion than are the politicians who merely view the struggle from afar off.—San Francisco Examiner, January 23.

## NEW JUROR FOR McNULTY CASE

(Continued From Page 1.)

can't be tampered with and then let the jury decide it may.

"I will consent to the excusing of Mr. Raffetto or any other man who is under suspicion—if there is any."

Deputy District Attorney Brown made a similar admission.

ON RECORD.

The court then ordered Clerk Johnson to make the record show the effect of Attorney Frick's waiver. He then asked whether Mr. Frick did not think that the defendant himself should, in his own behalf, personally waive his rights in the premises. Attorney Frick said that he thought the defendant should be called on to state whether or not he waived his rights and whether he still stood on the plea of not guilty.

McNULTY'S ADMISSION.

"Do you" asked the court of the defendant, "do you wish to waive any question of having been once in jeopardy?"

McNulty then rose and declared that he waived any rights he might have to plead that he was once in jeopardy.

RAFFETTO EXPLAINS.

The court then directed his attention to Juror Raffetto, by asking what explanation he had to make of his conduct in the premises.

"I will say," replied Raffetto, "that no one, not even my wife, spoke to me regarding the case. I will make a statement of what I did and why I want to be excused from this jury."

The court then granted a recess to the other jurors who retired from the room. After quiet had been restored, Raffetto said:

RAFFETTO'S REASONS.

"The reason why I did not want to serve on the jury was that I know Mr. McNulty. I have never associated with him. I never walked two feet with him. Another reason was, Mr. Frick was my counsel on three different occasions. Besides, I was acquainted with the officers of the court. I am a city employee. I did not think it was right for me to serve because, if he was acquitted, they would say the case was fixed."

TOLD HIS WIFE.

"I told my wife that I had been accepted on the McNulty jury and she could not understand how they accepted me. She said it would make lots of trouble for me. I went to bed that night and I thought it all over. I was troubled in mind and I concluded that I ought not to act as a juror."

ATTORNEY FRICK.—"I want to ask if any one connected with the defense in the case has approached you or approached any one of the jurors?"

OUT OF CITY.

Raffetto—"No. I have been out of the city to keep away from people and to keep away from reporters."

Frick—"Did the reporter of a certain paper speak to you about this?"

REPORTERS.

Raffetto—"A reporter came to my house and asked me if I had received any money. He wanted to see Mrs. Raffetto. After that, another reporter came to the house who was quite drunk and wanted to speak to me about it. He is here in the court. I can point him out."

THE COURT—"Pick him out."

Raffetto—"There he is now." (Indicating one of a bunch of newspaper men.)

AS TO HIS COUNSEL.

The Court—"You remember that I called your attention as to your relations with Attorney Frick, and your statement that you had no litigation at that time and that if you had you would again have Mr. Frick as attorney. You remember you said that?"

TO USE HIM.

Raffetto—"I did. They accepted me to use me. That is what I think."

Frick—"What do you mean by that?"

Raffetto—"Being a city employee it was natural for me to feel that way, because I know the rest of the gang."

The Court—"What do you mean by the 'rest of the gang'?"

Raffetto—"The officers of the court and the attorneys."

Frick—"Did anybody at all talk to you about the case?"

Raffetto—"Not a soul. I went to Berkeley, Alameda and other places to keep out of the way of people and reporters."

Frick—"Did any of the attorneys?"

Raffetto—"No."

COURT'S REGRET.

The Court—"If there was any ground

## PLAN STEAMSHIP J. B. BOWEN IS IN CHAIR

HARRIMAN MAY START CONNECTION WITH ALASKA RAILROAD. ACTING AS PRESIDENT OF BUILDING TRADES COUNCIL.

PORTLAND, Ore., Jan. 23.—At a meeting between the wholesale dealers of Portland, representatives of the Harriman system and John E. Bulfinch, representing the Alaska Central Railroad, which is constructing a road to the interior of Alaska from Seward, arrangements were made whereby the Harriman system is to establish a steamship line from Portland to Seward.

The first sailing date is to be about two months hence, which the Portland men believe will attract ample time to place traveling men in the field and secure sufficient business. The Alaska Central Railroad agrees to divert a portion of its shipments of railroad material to this city for transshipment in order to induce the establishment of this steamship line. According to Bulfinch, the Alaska Central Company will make a similar offer to wholesale dealers in San Francisco.

An interview with a prominent railroad official tonight develops the fact that though the line is practically assured, positive announcement of the fact is premature and will not be made until the local Harriman officials have referred the matter to General Manager Scherwin at San Francisco.

GRADUATING EXERCISES.

The graduating exercises given by the pupils of Thompson's room at the Leland School on Friday last was a very pleasant affair. The recitations, instrumental music and singing was enjoyable and well received. Among the graduates taking part were the Misses Ethel Webster, Eleanor Bassett, Blanche Pembrey, Rose O'Kane, Bertha Stewart, Fern Hatcher and Messrs. Frank Bohm and Jay Robert. The "Class Prophet" created much merriment and was well received.

kind—no fear."

Then a friend, who seems her confident, voiced the suggestion that he might have gone down to Needles to work on the railroad, but this Mrs. Pantensky does not think probable, as he has been discharged from both the Santa Fe and Southern Pacific companies—once for leaving a switch open, and again for some minor offense.

WHO IS "CARRIE?"

But the idea that he has gone to meet some woman named "Carrie" seems very deeply rooted in the deserted woman's mind.

"It's not that I care a rap whether I ever see his ugly face again, as far as he's concerned, for I just hate him—the cur—but what right's he to leave me with the children?"

Then she assured her friend that he was a regular hypocrite. "Because, if he wasn't, how could he leave 'Olive,' who he pretended to care so for."

Certainly, according to her statement, it is not for love that Mrs. Pantensky wishes the police to find her husband, but she does hope that he is within the State boundary, and will be brought back to care for "his own children."

"And if he doesn't come back—"

Mrs. Pantensky shrugged her shoulders and shrugged them again. Evidently, she has some "little scheme of her own if he doesn't materialize."

HE LOOKS THUS:

The missing man is described as being five feet, five inches tall, weighing about 140 pounds, having a dark complexion, dark brown hair and mustache, and wearing at the time of his disappearance "his best salt-and-pepper suit, blue overcoat and good round hat."

Two small bottles of which entirely cured me and I have since had no return of the disease."—HERMAN SPEIN, 215 North Union Avenue, Pueblo, Colorado. ## BOLD ROBBER IS HELD IN PRISON

TOPEKA, Kan., Jan. 23.—A man accused of having drilled into the vault of the Merchants National Bank of Topeka, and coming near securing \$175,000, is in the city jail. He is Harry W. Williams, colored. He was captured at Lawrence last night, when he tried to steal some of the stamps found in the vault to a bank driver, who reported to the officers. Williams, it is said, began the work of drilling last Wednesday, living in the basement until Sunday, when his work was discovered. He had drilled through six feet of solid masonry, the hole being so small that an entrance by a man seemed impossible.

# FIND BIG FORTUNE IN BRICK

Dismantlers of Old Mill  
Are Richer by  
\$200,000.

ALBUQUERQUE N M Jan 23.—In dismantling the old Alhambra mill in the Jemez mountains north of this city Morris Bros contractors discovered hidden under the foundations a big solid gold brick supposed to be worth about \$200,000. It is supposed to have been stolen and hidden there by some former employee of the mill when the latter was in operation ten years ago.

The contractors have been taking out the machinery to ship to the United Verde mine in Arizona. Great secrecy has been preserved about the discovery.

## TWO ORGANIZATIONS HAVE CONSOLIDATED

A called meeting of the East Oakland Y M C A board of directors, with ministers and other citizens of the three districts Brooklyn Twenty third avenue and Fruitvale met at the rooms of the Young Men's Christian Athletic Association Sixth avenue and East Twelfth streets at 8 p m last evening.

The organization effected last August at Twenty-third avenue having failed to raise the necessary funds to build it was thought best and unanimously voted to give up that work as planned thus dissolving the old board of directors, and to now heartily cooperate with the new and flourishing association now in active operation at Sixth avenue and East Twelfth streets known as Washington Hall. The rooms are well arranged and adapted for Y M C A work. The present membership is about 225. With the co-operation of the other two districts Twenty-third avenue and Fruitvale this will no doubt double in the membership. Next Friday and Monday evenings will be visitors nights. All citizens are asked to call and see the efficient work of General Secretary Wilson and Prof. Book Physical Instructor.

## TURN ON FAUCET; OUT COMES GOLD

RENO Nev Jan 23.—Though it has long been known that gold is plentiful in Humboldt county it was not definitely known that nuggets flow through the water pipes until today when word was brought to Winnemucca from Spring Valley to this effect.

Mr. Slater, a young woman who went to Spring Valley a few weeks ago to teach school turned on the water faucet yesterday morning when a bright gold nugget rolled out. Several particles of fine gold also accompanied it. It is believed the metal came from a placer ground located close to the water supply and more of the metal is expected.

## WOMEN GOLF EXPERTS MEET IN TOURNAMENT

Play opened yesterday with the qualifying round of the first annual tournament of the California Women Golfers Association. The weather was ideal for golf and the article of golf was fairly good for the opening day of the week's play.

The qualifying round brought out thirty-six players and of these thirteen failed to make returns or to put in an appearance on the course of the San Francisco Golf and Country Club. Of the thirty-six competitors Mrs. R. Gilman Brown of the San Francisco Golf and Country Club made the best gross score over the eighteen holes at medal play and is, therefore, entitled to the silver medal of the California Women Golfers Association.

Miss Ada N. Smith of the San Diego Country Club was but one stroke behind Mrs. Brown, with a gross score of 104 in the handicap competition. Miss Smith was allowed five strokes and was awarded the prize for the best net score which was 99.

Miss E. H. Sherwood of the Claremont Country Club qualified number 2 with a score of 103. She played from scratch in the handicap competition.

Miss Edith Chesebrough of the San Francisco Golf and Country Club finished fourth with 111. Her first round was rather poor, as she completed the nine holes in 59. She made a 52 on the second nine holes.

Mrs. R. Gilman Brown and Miss Ada N. Smith made the best nine holes of the day in 50. The former made a 52 in the first round and Miss Smith a 54. As a result of yesterday's play sixteen of the competitors qualified for the match play which follows today. Six of these players were entered from the San Francisco Golf and Country Club five from the Burlingame Country Club one from the Menlo Golf and Country Club and one from the Coronado Country Club.

# FIVE ARE BURIED IN SNOW

Immense Slide Kills Colorado Men--Other  
Accidents.

SILVERTON, Colo., Jan 23.—Five Italian miners employed at the Sunnyside mine lost their lives in an immense snowslide late yesterday afternoon. No particulars or the names of the men can be obtained as the telephone line is down and communication of all kinds destroyed. The mine blacksmith shop and several tram cars are also known to have been swept away.

No trains from Durango or Denver have arrived here since last Wednesday, due to slides and immense drifts of snow which have blocked the tracks.

All the short line roads running to outlying camps are now snowed in. There are eleven slides between Silverton and Elk Park.

The slides average from seven to thirty feet deep and from 50 to 450 feet wide. One immense slide went into the Animas river forming a dam of snow and ice which caused the stream to back up and overflow the Rio Grande tracks to a depth of four feet.

It will be two weeks before traffic can be resumed between Silverton and Durango.

The Iowa mill in Arastra Gulch has been crushed in by heavy snowslides which came down the Little Giant mountain.

The storm, which has about spent its force has been one of the worst ever known in this section.

## RADTKE HAS A VERY CLOSE CALL

The last race on the card at the local track yesterday created considerable excitement owing to an accident in which the crack rider Radtke was thought to have been seriously injured. The Trojan the second choice in the race dislocated his ankle and soon after fell with Radtke. When the Trojan fell Graham on Ebel Thatcher was forced off but escaped injury. Radtke was picked up in an unconscious condition but later it was discovered he had no bones broken. One of his legs was badly bruised however and it will be several days before he will be able to ride again.

The six winners yesterday were Blagg Sprout, Gossiper Eshelir Martin and Bolman. Dick Dwyer made his reappearance here and did some excellent starting. After he sent the field off in the fourth race he was accorded an ovation by the crowd. The cheering continued until the horses turned into the stretch.

## TRIES TO SUICIDE

Wife of Golf Instructor Was Jealous of Husband.

SAN MATEO, Jan. 23.—Mrs. F. J. Riley, the young and beautiful wife of the golf instructor at the Burlingame Country Club, early last evening attempted suicide by shooting herself in the breast. Today she has been barely alive, and no hope is held out for her recovery. The doctors in attendance are almost certain the wound is mortal.

It is thought Mrs. Riley shot herself while in a fit of jealousy. She was insanely jealous of attentions shown her husband by other women. Her husband, Country Club, early last evening attempted suicide by shooting herself in the breast. Today she has been barely alive, and no hope is held out for her recovery. The doctors in attendance are almost certain the wound is mortal.

The young woman was alone when she tried to end her life. Her husband was in another room of the pretty cottage they occupied near the Burlingame Clubhouse. It was about 9 o'clock and neither had retired. Mrs. Riley had appeared in gay spirits at dinner and had given no indication of her intention, if at that time she had in mind her plan to kill herself.

## PEMBROKE'S TRIAL

The trial of Percy Pembroke for the murder of Thomas Cook, which was to have come up this morning for its second hearing, was postponed until February 14 by Judge Melvin, sitting in the criminal department of the Superior Court, owing to the fact that both attorneys, L. S. Church, who represents Pembroke, and District Attorney Allen, for the prosecution, are busy in other cases.

## MISS PIERCE DEAD.

Miss Ethel Ray Pierce, daughter of Dr. Arthur T. Pierce, died yesterday at the home of her parents, 583 Nineteenth street. The deceased was a charming young woman and her loss will be keenly felt by many of her acquaintances. She was a native of Iowa and was 33 years of age. She had resided in this city for the most of her life.

## TOWN IS SUED.

The Town of Berkeley has been made the defendant in an action brought by George H. Maynard, who with a number of other property owners, claims to have been greatly damaged by the drainage of waters into Dry Creek, which has been caused to overflow on their property. The accumulation of suits against the town aggregate several thousands of dollars and there are more persons yet with complaints to be heard from.

## WIFE WAS JEALOUS

So She Had a Detective Dog Her Husband's Footsteps.

J. H. Ringwood, who was the unhappy hero of a horsewhipping episode at Emeryville Sunday evening, in which his wife wielded the rawhide with ferocious jealousy, was before Police Judge Smith this morning on a charge of disturbing the peace of E. O'Brien, a private detective who had been employed to follow him. There was no complaint filed, however, and the entire matter was stricken from the calendar.

Mr. Ringwood is young and impressionable and is the subject of the story, and is subject to the whims of women more than an ordinary degree. His affairs of the heart are responsible for the awkward predicament he found himself in Sunday. He was, buggy riding with another woman, never dreaming that his bride of scarcely a year was within a thousand miles. The first intimation he had of the presence of his better half was when he felt the lash descend on his shoulders. Many persons witnessed his discomfiture and did not blame him for beating a hasty retreat.

The wife pluckily declared that she would do it again if she found her husband in other woman's company. His arrest on a charge of disturbing the peace was the result of his growing weary of having a shadow. His every titillation was recorded by O'Brien who was a faithful sleuth, and bore to the ears of the jealous wife. In attempting to get rid of his shadow, which was the tale bearing kind, young Ringwood is alleged to have disturbed the peace by the violence of his language.

As the case has been dropped from the calendar and will not come up again in the Police Court, the exciting details that would naturally be expected from a recital of the whole story are missing.

## TRIAL IS CONTINUED.

Mollie Maerhan, who was so desperately in love with John W. Bassford that she wrote him love missives after he was married, had her trial on a charge of disturbing the peace continued until January 30 by Police Judge Smith this morning.

## CASE IS CONTINUED.

Mrs. P. J. Mullan, proprietor of the Cottage restaurant, had her trial on a charge of watering one of her waitresses continued until January 30 by Police Judge Smith this morning.

## CHINESE TO STUDY

The Imperial Commission Has Arrived at Washington.

WASHINGTON, Jan. 23.—The Imperial Chinese Commission sent to study American social, political and industrial conditions, arrived here at 11 o'clock today on a special train from Chicago. They were met at the station by Mr. Denby, chief clerk of the State Department, who will look after their comfort during the ten days that they will be in the city. Mr. Denby was chosen for this work on account of his knowledge of the Chinese language and customs. The commission consists of about sixty people, several of whom are servants and secretaries. The leaders of the commission are Tuan Fang, the Governor of the Shan Si Province, and Tai Hing Tze, one of China's leading scholars.

Yang Kwal, the secretary-interpreter of the Chinese legation in this city, accompanied the commission, having gone to Chicago to meet them and the party traveled under the care of Professor Jankins, the economist of Cornell University, who was appointed by the United States government as its special representative to receive the commission at San Francisco and look after their interests while in this country.

Professor Jankins resided for a long time in Peking and is in close personal touch with the leading men of the Chinese empire. The party at once took the carriages which were waiting for them and drove to the Arlington, the Chinese Legation not being large enough to provide rooms for so many guests. The members of the commission spent the morning resting from the fatigue of the long trip. In the afternoon they will call upon Secretary of State Root and visit the State, War and Navy Departments.

## WANT FRANCHISES FOR A NEW ROAD

SAN FRANCISCO, Jan. 23.—H. H. Griffith applied to the City Council of Stockton last evening for additional franchises to connect the Central California Traction Company's city lines with lines which the company propose to build down the San Joaquin valley. Griffith is the Western Pacific's Stockton representative, and the California Traction Company, incorporated by Western Pacific people, is publicly known as a friendly competitor of the Gould road that is engaged in building quite a mileage of electric lines in Stockton and the surrounding country. According to the plans unfolded by Griffith last evening the company will build a road that there connect with the new Yosemite Valley Railroad.

## MAKE AN APPEAL TO JAMES GARFIELD

CHICAGO, Jan. 23.—A dispatch to the Tribune from Chanute, Kan., says: The independent oil refiners of Kansas have mailed to James R. Garfield, Commissioner of Corporations of the Department of Commerce and Labor an appeal for justice against the alleged conspiracy between the Standard Oil Company and the railroads to shut Kansas oil out of the market. The refiners who sign the appeal have invested more than \$1,000,000 in refineries, tanks, cars, storage tanks, wagons and barrels. They claim that by reason of a conspiracy between the Standard Oil Company and the railroad systems of the southwest they are limited to the State of Kansas for a market for their refined oil; that to all points outside of Kansas the freight rates on all the products of crude petroleum are unreasonably high and have been maintained at such unreasonably high rates for the express purpose, and for no other purpose, than to confine business of the independent refiners to the State of Kansas.

## GENERAL WHEELER HAS PNEUMONIA

NEW YORK, Jan. 23.—That Brigadier-General Joseph Wheeler of the United States army (retired) has a mild attack of pneumonia was announced today at the home of his sister, Mrs. Sterling Smith, in Brooklyn, where General Wheeler is ill. The following announcement is made by Mrs. Smith today on authority of Dr. McCordle:

"General Wheeler was stricken with pleurisy Thursday night, and pneumonia developed Sunday. Dr. A. J. McCall is in charge of the case and had Dr. E. G. Janeway in consultation Monday. The case is mild, the temperature being only about 100. The patient is resting easily and hopes for a speedy recovery is entertained. His son, Major Joseph Wheeler, and two of his daughters are with him."

## BURIED TOGETHER.

Particularly and was the deaths respectively of the wife and mother of G. W. Bramhall, who answered the summons within a few hours each of the other on Saturday last.

The funeral services were held this morning and were a most fitting tribute testified to the esteem in which the two ladies were held in this community.

The Rev. Dr. Brown officiated at the ceremonies, and appropriate music was rendered by the quartet from the First Congregational Church.

Mr. Bramhall only recently sold his beautiful home in Piedmont, it having been his intention to travel throughout Europe in company with his wife, whose demise occurred so unexpectedly.

## BLOOD IS POISONED.

Breck Devereaux, erstwhile ballplayer, but now proprietor of a cigar emporium on Broadway, is at present in the Providence Hospital suffering from blood poisoning resulting from a scratch on the face. He was fooling with a newsboy and was accidentally struck on the cheek. The abrasion did not heal but swelled until medical attention became necessary. Mr. Hamlin, who is treating Breck, believes he has the poison under control.

## PARKS IS MISSING.

Lulu Ellis, who is alleged to have robbed Sam Parks of \$15 while pretending to be desperately in love with him, had her trial continued one week by Police Judge Samuels this morning, as the complaining witness was not in court. A bench warrant was issued by the court for the arrest of Parks, and his bail as a defaulting witness was fixed at \$50.

If Parks is caught he will have to do some tall explaining to prove to Judge Samuels that he is not in contempt of court.

## FAVOR OF STATEHOOD

Majority of House Committee Presents Favorable Report.

WASHINGTON, Jan. 23.—Representative Hamilton of Michigan, chairman of the House Committee on Territories, today submitted a favorable report on the Hamilton Joint Statehood bill, which provides for the admission of Oklahoma and Indian Territory as the State of Oklahoma, and provides joint Statehood for New Mexico and Arizona, under the name of Arizona.

The Democratic members of the House Committee on Territories presented a minority report today in opposition to the Hamilton joint Statehood bill. After reviewing the resources of the four Territories of Arizona, New Mexico, Oklahoma and Indian Territory, and declaring in favor of joint Statehood for Oklahoma and Indian Territory, the report says there is no more reason for joining New Mexico and Arizona than there would be for joining Alaska and Porto Rico. The manifest purpose of the majority is to unjustly keep Oklahoma out of the Union unless they can, with greater injustice, force Arizona in, says the report.

## STEAMER LOST, CREW IS SAVED

BOSTON, Jan. 23.—The loss of the steamer Trojan, of the Boston and Philadelphia line, in collision with the steamer Nachoochee, of the Savannah line, in Vineyard Sound last Sunday, was reported here today by the Nachoochee, which arrived, having on board the captain and crew of the Trojan.

The accident was due to fog. The Nachoochee struck the Trojan amidships and the latter went to the bottom within three-quarters of an hour, but Captain Thatcher and the crew of twenty-seven men and the Trojan were taken off by the Nachoochee.

There were no passengers on the Trojan. The Nachoochee sustained only slight damage. The collision occurred about one mile outside the station at Vineyard Sound lightship shortly after 11 o'clock Sunday forenoon. Both steamers were bound northward, the Nachoochee from Savannah and the Trojan from Philadelphia, both for Boston. The collision was caused by the heavy fog.

## ENDORSE THE WESTERN PACIFIC

The following resolutions have been adopted:

"Whereas, The Retail Grocers' and Merchants' Association of Alameda County is informed that there has been filed with the honorable, the Secretary of War of the United States, applications by both the Western Pacific Railway Company and the Southern Pacific Company for permits to construct terminal facilities on the Oakland water front immediately north of the north jetty of the training wall; and

## FOOTPAD STORY

Police Are Inclined to Believe There Was Collusion in Robbery.

Maurice Barrett, residing at 765 Lydia street, and Frank Josephs, a pugilist from San Francisco, reported to the police last night that they were held up at the corner of Lydia and West streets by two men, who approached them and asked for a cigarette. Barrett was relieved of \$20. Josephs did not have any money, but stated he got the same experience as if he had. The police, after investigating the affair, have their doubts as to the genuineness of the entire story.

According to the statements of both Barrett and Josephs, they had been drinking in the Tuxedo saloon on Ninth street. About 11:15 o'clock Barrett started for home, and was accompanied by Josephs. At the corner of Eleventh and Washington streets Josephs borrowed \$1 and went into a drug store to get some medicine. After that the two continued their journey until Lydia and West streets were reached. Here they were approached by two men. One advanced to Barrett and asked for a cigarette. Before Barrett had time to comply with the request he was sent sprawling on the ground by a blow on the jaw. Josephs was backed away by the other footpad by means of a revolver and held against the fence until the process of robbing Barrett had been completed. Both men were then turned loose.

Barrett proceeded to his home and Josephs returned downtown. He went to the Tuxedo saloon and there exhibited some money. He told the story of the robbery. Charles Hammond, formerly a police officer, heard the story, and thought it strange that Josephs should appear with money so soon after the robbery. Barrett stated that all of the money he gave Josephs was the \$1 with which the peddling was made. The police are now investigating the peculiar robbery to see if there was any collusion connected with it.

## PROMINENT MAGNATES ARE

Will Make a Demonstration in Venezuelan Ports.

PARIS, Jan. 23.—President Loubet presided today at a cabinet council held in the Elysee Palace, at which Premier Rouvier announced that he had received a communication from Ambassador Jusserand to the effect that the United States did not consider a French naval demonstration with Venezuela to be a violation of the Monroe Doctrine. France, it is pointed out, thus has her hands free, but the situation is unchanged for the moment, as the council will not take decisive action until the report of M. Taigny, the former charge d'affaires at Caracas, is received.

## BASEBALL MEETING

Prominent Magnates Are in Session Across Bay.

SAN FRANCISCO, Jan. 23.—An important session of the leaders of the Pacific Coast Baseball League was held today in the office of President Bert. The meeting, the first of a series which will probably continue for several days, was held behind closed doors and very little of what transpired has been divulged, but it is understood that no manager for the San Francisco team has yet been chosen. The affairs of this club were discussed for three hours by Andrew Clunie, James F. Morley and John Gleason before the regular session, but they said they had not reached a conclusion.

The Seattle club was represented by Jim Agnew and Russ Hall. Portland sent "Judge" McCredie and his uncle, Hon. W. W. McCredie. Tacoma's interests were looked after by Michael Fisher and George Schrader. Cal. Ewing was on hand to represent Oakland, but declined to say what he proposed to do.

When the executive session was called to order by President Bert, Mr. Agnew said:

"You can say that Seattle will be glad to remain in the Coast League, provided we receive certain concessions which we think are reasonable."

Manager McCredie said that Portland would stand by the Coast League first, last and always, but he thought it could be strengthened.

Schrader and Fisher said they were here to see that the Tacoma franchise was taken care of right, but they had no idea what would become of it. It is thought that Fisher hopes to see it go to Fresno.

A. B. Evans, Robert Hunt and R. F. Nelson, prominent Fresno business men, arrived this morning to tell the magnates what they would do for a team. Others will come up from Fresno tonight.

Atlanta, Ga. Physician Addresses the People of Oakland on a Matter of Health

To Whom It May Concern—Of late there has been a good deal of discussion in regard to advertised medicines, their value and power to cure.

I want to say to the people of Oakland that I believe the most valuable and reliable preparation for the body builder, health restorer, and strength creator known to medicine today is Vinol.

While Vinol does not contain the system-clogging oil of old-fashioned cod liver oil emulsions, it actually does contain all the curative medicinal principles of the cod's liver in a highly concentrated form and it is delicious to take.

I advise Vinol in my practice and find it has no equal for healing coughs, colds, bronchitis, troubles and sore lungs.

I have used Vinol in many cases of indigestion, mal-assimilation and for patients who were anemic and run down with splendid results. I have found Vinol to be a boon to the aged, as it aids the enfeebled system to sustain life, it induces appetite and restful sleep, it is a real body builder and thus prolongs life.

I believe Vinol to be well worthy of any honest physician's endorsement. The Oxi Drug Company sell Vinol to the people of Oakland on a positive guarantee. If it fails to give satisfaction, the entire purchase money will be refunded.

#### MINSTREL SHOW IS PLANNED

PROCEEDS TO BE DEVOTED TO NEWLY ORGANIZED Y. M. C. A.

Arrangements are being made by the Kings Sons League of East Oakland for a minstrel and vaudeville show to be given in about a month. It is to be a benefit affair, the proceeds of the sale of tickets to be used in helping the newly organized Y. M. C. A. in that part of the city.

Among the members of the K. S. L. there are many young men of musical and dramatic ability and the entertainment is sure to be a success. Last October they gave a minstrel show and took in over \$5,000 which was used in starting the Y. M. C. A. With some additional features the same program will be repeated.

Rod H. Hendrickson, who is one of the end men, is to be chiefly in charge of the affair. Though the date has not yet been settled, the show will take place in Washington Hall on East Twelfth street, the headquarters of the Y. M. C. A. There all the members of the league, nearly all the boys will take part in the show, which will include vaudeville stunts, singing and instrumental music.

The Y. M. C. A. of East Oakland has been in existence about three months and is doing much good among the young men. A large and well equipped gymnasium has been opened and over 100 members have been enrolled. All the East Oakland churches are behind the project for there is no other resort for boys and young men in that section except the saloons and places of ill repute. There is a reading room in connection and educational features are being planned. Basketball teams are being organized and an active campaign for new members has just been started. Two teams of fifteen men each, called the reds and the blues, are competing for a supper to be given by the Y. M. C. A. to the side, earning the most recruits. Tom Kendall is captain of the reds while the blues are led by H. Miller.

## Build the Boulevard

At the earliest possible moment the Council should make provision for completing the boulevard on the east side of Lake Merritt from its present terminus to a junction with Grand avenue at the northeast extremity of the lake. This long delayed improvement is of the first importance to the Seventh Ward, and is imperatively necessary to the development of the region lying north of Sixteenth street and east of the lake. It is an improvement that will enormously enhance the beauty of Lake Merritt and the general attractiveness of the city, as it will afford a spacious driveway around the greater portion of the lake.

Provision has already been made for dredging the lake and filling the marsh below Twelfth street, and work on that improvement will be commenced as soon as the plans now being prepared by the City Engineer are completed and approved. Private beneficence has also provided for the erection of an artistic boathouse on the Twelfth street causeway. As soon as the lake is dredged and the marsh filled in the ornamental boathouse will grace the dam. An extension of the boulevard to Grand avenue is a necessary and integral part of the general treatment of the lake situated in the southern metropolis, the question of its immediate that should not be delayed a moment longer than possible.

Grand avenue has been completed from Oakland avenue to the northeastern extremity of the lake entirely at private expense. It is a broad macadamized thoroughfare that has made the northern shores of the lake easily accessible, and which supplies a splendid connecting link between the broken bits of boulevard at Lake Merritt's southeastern and northwestern extremities. When built it will stop much of the soil wash which the rains now carry into the lake to shoal it with sediment.

It is proper that the Seventh Ward should take the initiative in the boulevard extension, for the proposed improvement lies wholly within the confines of that political division of the city. The Seventh Ward has two energetic and capable representatives in the Council, who should unite in urging the completion of the boulevard. Mr. Donaldson is Councilman from the ward and is therefore the special guardian of its interests in the municipal legislature. But while Mr. Aitken is a Councilman-at-large, he is a resident and property owner of the Seventh Ward. He should therefore feel the same lively interest in the improvement of the lake that is naturally expected of Mr. Donaldson. We trust Mr. Donaldson and Mr. Aitken will both urge this matter on the consideration of the Council without further delay. And the Council as a whole should take a lesson from Los Angeles in this matter. If Lake Merritt were situated in the Southern metropolis, the question of its immediate improvement would not be debated for a moment. That connecting piece of boulevard would be built forthwith. The time has arrived for an exhibition of the same vigorous public spirit in Oakland.

Doubtless some of the Senators were angered at Poultney Bigelow because he fell down before the Senate Committee on Inter-oceanic Canals. They would have been better pleased to have him make his charges good.

The Ventura Free Press suggests that the Democrats nominate Thomas Orlando Toland for Governor. What has the Free Press got against Mr. Toland?

## The Mare Island Row.

Representative McKinlay is being sharply criticised for interfering in the local political affairs of Vallejo and the concerns of the Mare Island Navy Yard. We hope he has been unjustly accused, but if he has done as has been charged in the Washington dispatches he has made a grave mistake. Vallejo is not in his district, and he should have kept his hands off there in deference to Congressman Knowland, who has been put to considerable trouble to explain that he had nothing to do with the recent order of the Secretary of the Navy forbidding employes of the navy yard to hold municipal offices in Vallejo.

It is alleged that Congressman McKinlay prompted that order in order to revenge himself on Mayor Roney, who is a candidate for re-election and also a navy yard employe. Mayor Roney offended Mr. McKinlay by sending out letters during the last campaign advocating the election of Theodore Bell, McKinlay's Democratic opponent. As Roney is a Republican, holding office in the Third Congressional District, he would have done well to have refrained from mixing in the Congressional fight in the Second District, but it seems that his personal friendship for Bell got the better of his discretion.

It is now alleged that Congressman McKinlay, desiring to punish Mayor Roney, had an old civil service rule of another department resurrected and applied to the employes of the Mare Island Navy Yard. Roney having announced himself as a candidate for re-election. Admiral McCalla wrote Secretary Bonaparte stating that he did not think the prohibition served any good purpose, but the order was allowed to stand notwithstanding.

Mayor Roney was thus confronted with the alternative of retiring from the Mayoralty contest or sacrificing his job at the navy yard. He declared that he would run for Mayor anyhow and take his chances of being discharged. His chances of re-election have been greatly improved by the method adopted to force him out of the contest, and Congressman McKinlay has provoked some resentments which may trouble him in the future. The situation derives additional interest from the fact that Mayor Roney is a warm political supporter of Hon. Joseph R. Knowland, who represents Vallejo and Mare Island in Congress. Thus Mr. McKinlay appears in the matter as having invaded another district for the purpose of punishing a political supporter of a colleague and party associate.

Every few months Los Angeles calls a bond election for public improvements, and invariably carries them. Not long ago the city voted \$1,500,000 to acquire water rights on Owens river, and now the Council is preparing to submit a \$750,000 bond issue for public improvements, including a new city hall. Yet the assessed valuation and the tax rate are both considerably higher in Los Angeles than in Oakland. It has been observed in the southern metropolis, however, that property values enhance with each expenditure for adorning and beautifying the city. This is a truth the people of Oakland have yet to learn.

The ordinance recently enacted by the Council making it a misdemeanor to ride bicycles on the sidewalks has been approved by the Mayor and is now in force. Bicyclers should govern themselves accordingly, for the municipal administration proposes to put an end to the dangerous nuisance of wheeling on the sidewalks. At last Oakland is taken out of the village class with respect to the use of sidewalks for bicycling. We are progressing—rather slow in some particulars, to be sure, but nevertheless mossback conservatism is steadily giving way.

## Good to Send Away.

The most attractive advertisement of California that has come to our notice is a pamphlet profusely illustrated in colors issued by Charles S. Fee, passenger traffic manager for the Southern Pacific. As its name, "The Road of a Thousand Wonders," implies, it is descriptive of the scenic marvels that abound along the railroad from Los Angeles to Portland. It is a triumph of pictorial art, the text being a running commentary, written in a charming vein, of the scenes so artistically depicted with the pencil. Starting at Los Angeles, the coast country unrolls in its pages like a panorama, the old missions, the giant trees, the picturesque mountains, till the region around San Francisco is reached. The vicinage of the bay naturally takes up a large space. Thence pen and pencil hurry one up through the Sacramento valley, past Shasta's snowy summit, over the Siskiyou mountains, across Rogue River Valley and down the broad Willamette to Portland. The journey is a picturesque one that was never more attractively presented to the intending traveler than in this publication of Mr. Fee's. Everybody that sees this beautiful book will want to come to California and take a ride on "the road of a thousand wonders."

## PROFESSOR HOWISON AND THE PRESS.

Professor Howison of the University of California has barred students from his classrooms whom he fancies or knows to be connected with college newspapers. The University of California is conducted at the expense of the taxpayers of the State—you and me and all our neighbors. Professor Howison's salary is paid in the same way—by you and me and the rest of us. Such being the case, it does not lie with him to bar any one from his classes who has complied with the requirements of the institution. The university is not a private school by any manner of means, and the public is entitled if it desires to the fullest and most complete reports of the proceedings in those classrooms. Professor Howison ought to be old enough to know that such action on his part is only to make more certain the very thing that he seeks to prevent—the publication of his frequently odd, but always interesting, views on matters and things. He can depend upon it that he will get into print even more frequently because of his futile attempt to keep out of it and to curtail the rights of his students and the rest of the people.—Alameda Encinal.

The family wished to ornament  
Their high and cultured station,  
And every one save Pa professed  
A thirst for education.

Jack went to Pigskin institute,  
The other teams all licking,  
But somehow when it came to bills  
'Twas Pa who did the kicking.

Clorinda went to cooking school  
Compounded grub amazing,  
But somehow when it came to dough  
'Twas Pa who did the raising.

Tom to a business college went,  
Financial ways divining,  
But somehow when it came to checks  
'Twas Pa who did the signing.

Kate took a high-toned boarding school

But somehow after she came out  
'Twas Pa who saw his finish.

And Pa? He's plodding right along  
And hasn't got much knowledge,  
In fact his standing is but this—

## WOMEN'S WOES

Oakland Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up" must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with aching backs and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know. Mrs. I. Stewart, of 837 San Pablo Avenue, Oakland, Cal., says: "I saw Doan's Kidney Pills advertised in the paper and a box was procured for me. My terrible backache which came on me at times and caused me much suffering. They helped me very much and soon completely relieved me. They have my endorsement." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## KEEP OUT OF THE PAST.

Whatever you do in this wonderful world,  
In business, in church, or at play,  
Whatever of gain or of loss you have met  
With the others who go your way,  
Keep out of the past  
From the first to the last,  
And away from its worries stay;  
The present has wealth you would never suspect,  
If prudent you are, and wisely elect  
To live in the light of today.

The things that are past did very well once;  
Today they are rusty and stale.  
That trouble you had with your fellow-man—  
Did you struggle in vain and fail?  
What of it, indeed?  
There is all the more need  
That you start on a different trail.  
Don't take to the woods whatever you do,  
Just look right ahead; there's a fortune for you  
In keeping a well-trimmed sail.

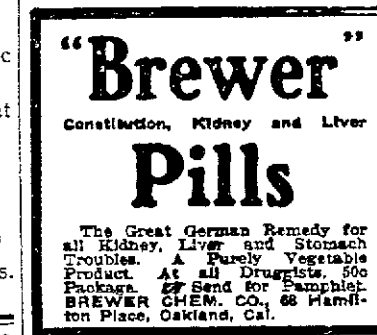

So cramped can we be in our mental states,  
So burdened with might-have-beens,  
That life will become a woeful waste  
For its many out and ins.  
But stop and reflect  
You will never be wrecked  
By your own or another's sins,  
If the past you will keep in its proper place  
And meet what is yours with a candid face—  
'Tis the man of today who wins.  
—Los Angeles Herald.

## "HELLO GIRL" IS GIVEN TOO LITTLE CONSIDERATION

BY BEATRICE FAIRFAX.

Our telephone manners need mending sadly.

The impatience shown by the majority of people when talking over the telephone is shocking.

We are angry if the operator does not answer the moment we ring.

The fact that she has dozens of other calls to answer never seems to strike us.

So we ring again and want to know "What is the matter, Central?" in a tone of impatience we would not dare use if we were not separated by a good distance from the person we were speaking to.

And if the person we call up does not answer at once we fume and fret and do a great deal of unnecessary grumbling.

We should remember that the telephone operators are busy from morning until night.

All day long they must be kind and pleasant, and never answer back the incivilities that are flung at them.

The nervous strain of the "hello" girl's life must be great.

She must be always on the alert.

I know one young woman who runs the switchboard in a great business concern.

From the least office boy to the heads of the concern, every man respects and admires her.

She never loses her temper. She is always obliging and cheerful, patient with the fault-finders, listening to their complaints with rare tact and sweetness of temper.

At the end of the day she often looks tired and discouraged, and I am sure it is just as much owing to the impatient complaints she has had to listen to as the pressure of her actual day's work.

How insulted we are if once in a while we are given the wrong number. If the operators were men we wouldn't dare speak so impatiently, nor would we begin to have such good service.

They would never have the patience and self control that the girl operators have.

When an impatient man or woman flared out at them, they would answer in the same way, and then there would be trouble sure enough.

Just bear this in mind after this and have a little consideration for the operator.

Many of you have a good deal of telephoning to do either in a personal or business way. Try and be patient.

How would you like to be found fault with all day long when you were doing your duty and trying to be as quick and obliging as possible?

The telephone operator has my sincere admiration and sympathy.

She is usually a young woman of great forbearance and good temper.

## WASP IN DEADON'S HAT UPSETS THIS WEDDING

SLAB CITY, Vt., Jan. 23.—Deacon Jonathan Ross inadvertently contributed to a good deal of excitement at the wedding of his grandson, Ephraim, the other day, as he was talking to Miss Betty Porter, a pretty young woman of this village. For a time it looked as though the ceremony would have to be postponed.

The deacon lays all the trouble to his good spouse, Martha, who, he declares, insisted that he should wear his "funeral" beaver hat. The venerable deacon protested that the tie was suitable for funerals only, but Mrs. Ross insisted that she had frequently seen in the newspapers pictures of men wearing them to fashionable weddings in Boston and that it would be highly improper for him to go in his rusty felt.

So the hat was brought from the attic, where it had been reposing for upward of three years; the exterior was brushed by his near-sighted wife and the pair set out for the home of the bride. The deacon almost rebelled after the third neighbor had solicitously inquired as to whose funeral they were going, but he stuck it out and in due time arrived at the Porter homestead.

The ceremony was to be performed in the parlor, where chairs were set in a semi-circle, and as they were close relatives and as Mrs. Ross could not see any distance with comfort, they were placed in the first row. The deacon put his hat under his chair and soon began to enjoy proceedings immensely. The other chairs were soon filled and then, at the signal of the best man, the church organist struck up the "Lohengrin" Wedding March on the melodeon and the wedding party entered.

The parson had asked the usual questions and was about to pronounce the couple man and wife when the groom emitted a sharp cry of pain and clapped his hand to his head. Almost instantly he yelled a second time, jabbed his eye and began to dance a hornpipe. The blushing bride turned pale and started to weep; the guests giggled in their chairs and the parson looked amazed.

Just then the deacon leaped out of his chair and running his hand up his trousers leg to the top of his boot pirouetted in a circle and losing his balance came down flat on the floor.

"Wasps!" he shouted, withdrawing his hand and holding up a crushed insect in his trembling finger.

Every one was on his feet in an instant. Women held their skirts close and fanned the air with their handkerchiefs. The bridegroom danced about in a circle tearing at his hair, and the bride gathered her veil closely about her face. The wasps, about twenty in number, buzzed here and there, their flight marked by hysterical shouts from the feminine guests. Then, circling slowly they made a bee line for the deacon's beaver.

Inside the hat, neatly glued to the roof, was a small conical wasp's nest and into it the insects finally crawled one by one. When they had all got home the deacon immersed the hat in a tub of water and the interrupted wedding went on. At the reception the bridegroom couldn't see out of his left eye and several of the guests suffered in divers parts of their anatomy.

## GETS \$250,000 FOR AIDING AN OLD MAN

GENEVA, Switzerland, Jan. 23.—Mlle. A. Burch, of Obwald, in the Canton of Unterwald, has become one of the richest heiresses in Switzerland owing to the generosity of an Englishman.

According to a local paper, which does not give the name of the benefactor, Mlle. Burch was waiting in a large crowd before Buckingham Palace in 1858 to see the queen, when an old gentleman, overcome by the heat, fainted near her and fell on the footpath.

The Swiss girl tended him, and accompanied him home in a cab. He thanked her for her attentions, and asked her for her card before she went away. Some months later she returned to Switzerland and apparently the incident was forgotten.

A day or two ago she received a letter from a London solicitor informing her that the old gentleman whom she had aided had died, leaving her a fortune of \$250,000.

## GIRL'S POEM SAVES COLLEGE FROM RUIN

PITTSBURG, Pa., Jan. 23.—A girl's poem has saved the Pennsylvania College for women at the eleventh hour. The college had to complete the raising of an endowment fund of \$150,000, but \$27,000 of the fund was lacking, and the case seemed hopeless.

Then an inspiration came to Minnie Ourey Roberts, a student of the college, and she dashed off a poem, entitled, "Can't You Send a Check Today?" and secured its publication in all the Pittsburgh papers. It's last stanza runs:

For the sake of Pittsburg, yes, I am hopeful, I confess;  
Think the good old loyal town's a-going to turn its college down?  
No, it ain't; I know it well; it's just waited like a spell—  
If the help ain't on the way, just you send your check today.

The poem went straight to its mark—the pockets of all friends of the college—and tonight assurances have been given that every dollar necessary to save the college will be forthcoming by the time the day of grace expires.

### ONEWIFE SELLS GRAVE OF HER HUSBAND TO ANOTHER

DES MOINES, Jan. 20.—The grave of V. J. Dubois, the bigamist, has been sold by a woman who had called him husband to another woman whose claim as the wife of the same man has been legally substantiated. The grave and the lot in which it was located, passed for \$10 from the hands of Mrs. Dubois, of Des Moines, to Mrs. Dubois, of Denver. With it goes a claim to the grave of the prominent Des Moines contractor who was found to have three wives.

E. T. Dubois was well known in this city. He came here and established himself in business, obtained a number of contracts with the city and did well. His death came after being here for a year, and with it the discovery that he had three wives, one in Denver, one in New Orleans and one in Des Moines.

With all three women weeping over the grave, the entanglement of his estate was foreseen. Mrs. V. J. Dubois, who had married the wealthy contractor and lived with him here, firmly believed the other women imposters.

She bought a lot in Woodland cemetery and had the husband buried there. The possession of the grave remained with her until the courts decided that the legal rights to the name and estate of the dead bigamist rested in Mrs. Mary Dubois, of Denver.

### WED AT 13, IS A GRANDMA AT 29

Daughter Followed Closely on the Footsteps of Her Young Mother.

WELLSBORO, O., Jan. 23.—A record possibly unequalled in the United States is that of Mrs. Jas. Null of this city, who became a wife at thirteen, a mother at fourteen and a grandmother at twenty-nine.

Mrs. Null's oldest daughter, who is the mother of the baby, was born Dec. 25, 1890. She was married Dec. 16, 1904, at the age of thirteen to Frank Vittoe, about twenty years old.

November 28 last a daughter, Lizzie Arizona, was born. She is a tiny mite of humanity, weighing only three pounds.

Mrs. Null is a comely, light-haired, blue-eyed woman, who looks no older than her twenty-nine years.

Her husband was killed last September by a fall of slate in a mine. She has six children besides Mrs. Vittoe, the youngest being but six months old. In spite of the fact that she is supporting the entire family, she is very cheerful, and evinces great pride as she displays the latest addition to the family.

The mother-in-law of Mrs. Null, who was present at the birth of her great-granddaughter, stated that she was but fifteen at the time of her marriage.

### HAS FORMER HUBBY FOR BOARDER

GLASGOW, Ky., Jan. 23.—Barren county has a case of matrimony probably without a parallel in the State. Nearly two years ago Bud Wrenn moved from Warren county to a farm near this place. Later he employed Jerry Clabey. During the summer Clabey, showed Mrs. Wrenn such

marked attention that in the fall she and her husband were divorced, she marrying Clabey a few days later. The newly wedded couple moved nearer this place and began housekeeping.

Wrenn soon tired of single blessedness and went to the home of Clabey and made satisfactory arrangements to live with him. Ordinarily the situation would be rather embarrassing, but Mrs. Clabey seems to be getting along nicely with her present and her former husbands. These conditions have existed for the last eight

months, and neighbors say that not the least ruffle has ever occurred to mar the happiness of the home.

"This is the era of the plain girl in business," said a leading London milliner, "and the beauty has to stand aside for her plainer sisters. Not that there is any average to moderate beauty in the employes—that is often to be desired—but pronounced loveliness is entirely too attractive, both to its possessor and contemplator, to facilitate the interests of employers."

Justice Dowling pointed out that Ellison, while setting forth the cause of action, recited a variety of grievances against numerous unnamed individuals besides the two defendants in the action.

"The charges of wrongs," says Justice Dowling, "committed by tenants in the same house against the plaintiff's health, peace of mind and comfort are mingled with the existence of unsanitary conditions and increased risk of fire, together with damages for carpet brought by him to fit his rooms."

Justice Dowling sustained a demurrer interposed by the landlord, but gives the plaintiff five days in which to answer.

Ellison alleges that he applied to rent the flat for an extended period for himself and his family. "Should it be a nice, quiet place." He was told, he said, that the other tenants were respectable, and that the house "was as quiet and as well kept as was any in the city."

Believing this, he declares, he went to great expense in furnishing his apartments, and had new carpets purchased and cut to fit the rooms.

NOISE IN HALLS DAY AND NIGHT. "Within a few days after I went into possession, however," says Mr. Ellison, "I became greatly disturbed and annoyed by the conduct of many of the

other tenants, who kept late hours were noisy, and kept running about the halls by day and night.

"The front door was constantly being opened and slammed; people were constantly shouting up the tubes in the hall to the tenants at night, and other disturbances worried me.

"Some tenants came in after the lights were out, slamming the door and creating much noise and disturbance in passing through the hall.

All this, he declared, "disturbed his peace and quiet and caused great injury to his health and the various members of his family."

Ellison set forth that the usual custom in such houses is to remove the garbage twice daily, but in the Hatterman house it was only removed once a day, to suit the convenience of certain other tenants.

"The waste paper," he says, "was kept in the cellar, creating a disagreeable odor and causing danger of fire and the smell of the garbage which was left in front of my window was such as to endanger the health of my family."

## NEGRESS, OLDER THAN UNCLE SAM, IS DEAD

### An Inveterate Pipe Smoker for Half a Century

This is a photograph of Mrs. Mary McDonald, a negress, who died at the age of 135 years—five years more than the life of the United States as a nation.

### \*\*\*\*\*

PHILADELPHIA, Jan. 23.—Mrs. Mary McDonald, a negress, when she died a few days ago at the Home for Aged and Infirm Colored Persons

Forty-fourth street and Girard avenue, was older than the United States. The nation that declared itself one of the national governments of the world in 1776 is now about 130 years of age, yet when this historic declaration was made Mrs. McDonald had already traveled past five of life's milestones.

Born in Frogtown, near Valley Forge, November 14, 1770, the aged negress was more than 135 years old at her death, and this remarkable record for longevity places her indisputably among the oldest persons in the world.

Although but a slip of a girl, she remembered the more important events of the winter of 1777-78 at Valley Forge. She once described some of the sufferings of the encampment to a Daughter of the Revolution, who convinced that living eyes had witnessed so historic an event, searched among dusty records for confirmation. Her research brought to light facts which proved the truth of Mrs. McDonald's stories.

An inveterate smoker during the last half century of her life, the first intimation that officials of the home had of "Granny's" approaching end came two days before her death. She had picked up her faithful pipe for an after-dinner smoke, but laid it aside after a few draughts.

"Ah, can't smoke it any more," she said in a weak voice. Until this time she had maintained her vitality, and her sunny disposition was ever a source of pleasure at the home. After the failure of her pipe to bring solace, however, the end came rapidly.

**CHARLIE DUNN AND HENRY LOAGUE  
MAIN EVENT FOR RELIANCE CLUB  
TWENTY-FOUR ROUNDS OF BOXING ON CARDS**

Handicapper Horace Egbert issued the weights for the Burns handicap yesterday. The classic event will be raced on Saturday next at Oakland track over one and a quarter miles, and the starters will include the cream of the handicap division now racing across the bay and at Ascot Park.

Proper, the big Jennings horse, has been allotted top weight, 122 pounds. The Eastern mare, Eugenie Burch, comes next with 120. Lubin, the St. Louis crack, is asked to pick up 119, as everybody supposed he would be. Bearcatcher has shown such disappointing form of late that 116 looks to be all that he is entitled to. Dr. Leggo is in well with 114. If Gardner, the Schenck three-year-old, can handle 110 and win, it will stamp him as a horse far above the ordinary. Of the lightweights Red Leaf (<sup>100</sup>), the entry of Keene Bros., looks like the only one possessing a chance of making President Williams's object to have "the Burns" a test between the best horses in training on the coast. For this reason President Williams instructed Handicapper Egbert to take chances of misfortune in any selling plate. Following are the entries and weights:

course upon." **HE APPEARS.**

Hardly had I taken three turns about the parlor when the conqueror of Foh Fuzimanga was good before me. His immaculate attire, his dignified bearing, his low, well-modulated voice, all made a deep impression on my youthful sensibilities.

"Now, sir," he remarked, waving me to a comfortable seat, "before we converse at any great length, what do you say to a light collation—say a few peacock tongues and a quart of '67 By the god Mars, that was a feast fit for a Lucullus!"

"Mars, good sir," I replied, "even before we passed through the wilderness, I speared about 50 cents worth of lunch."

"Too bad, too bad," said Mr. Hagen. "However, we can still talk about people and events if you will, or converse through the microscope of dead poets over whose sarcophagi drifts the dust of bygone ages. By the way, shake hands with my valet."

**NOT TO PLEASE HIM.**

"Ay ban glad to see you, Maester," grunted the Swedish Mr. Hagen, knocking in the door chair. "Ay tank greatest fighter living ban Yack O'Brien."

"That will do, Mortimer," cautioned Mr. Hagen. "You are here to curry Caesar, not to praise him."

"Ay tank, Maester, all I have to be remembered by me, The language of Mr.

That ever mixed it in a Swatling Feast.

**VALET PRAISES HIS MASTER.**

"Ay tank Maester Marvin Hart ban pure gude fighter," I asserted the Scandinavian valet.

Hagen-O'Brien seemed a bit annoyed at the interruption.

"Mortimer's a good soul," he assured me, "but his intellect is no all-arounder as yours. Do you not find it so with your valet?"

With shame choking my utterance, I confessed that I had no servant.

"Too bad, too bad. A valet is in the words of the excellent Roman philosopher indispensable to all true gens. As Cicero once said, 'Valtibus esse: non vomica et cum aurora borealis.'"

"I dress myself," I told him, beginning to feel a bit nettled.

"So do I," declared Mr. O'Brien. "But supposing your suspenders should break. Mortimer fixes mine yesterday with a nail."

Unable to answer the argument, and not wishing to show the up of his hands that signified the end of the interview, I backed out with what little dignity I could summon.

"Cuddey, Maester newspaper feller, charged me to tell you," he called after me.

"He will do, Mortimer!" snapped Mr. Hagen-O'Brien. "That will do!"

A black and white photograph of a man in a military uniform, standing and looking towards the camera. He is wearing a dark jacket with epaulettes and a light-colored breech. The image is grainy and has a vertical line on the left side.

The Reliance Club has set Friday, February 2, as the date for the boxing of the first public boxing entertainment at the cinema. The card to be presented will be a particularly strong one, and from the care that has been taken in making the matches there will no doubt be at least twenty-four hot rounds of scrapping.

The main event between Henry Loague, the hard-driving Oakland boy and "Iron Man" Charlie Dunn of San Francisco gives promise of being the best four-round contest held on this side of the bay. It has been a difficult thing to get a man to meet the Oakland boy as most of the amateur lightweight is knowing that he possesses a terrible punch in either hand, have been slipping him for a long time. The intimate that one of them is approaching on the subject of a match with Loague they immediately have another engagement in front of them.

In Dunn, however, the Oakland boy will find a hard nut. He is of the Battling Nelson type, boring in from the time that the gong rings. In Frisco, where he has done most of his fighting, he is saying that he has put Dunn in the ring and that there will be a good fight as he is aggressive, strong and has a good punch.

In his last match with Bob Lundquist he gave Nelson's ex-sparring partner the fight of his life, and all but knocked him out in the fourth round. In fact, the consensus of opinion here had he fought more carefully he would have won.

The special event between Young Geuly and J. Jones gives promise of also being a good contest. These young boxers met once before, but both have done no training and the four rounds ended with both very tired but honeyed for another try at Jones, since that time and promises to be in the very best of condition for this time.

The contests will be judged by J. Young and Phil Wand of San Francisco.

Although it had become known as announced in THE TRIBUNE, that Jimmy Coffroth was engineering a scheme to control all the big fighters of the country for a grand contest at San Francisco and West coast cities, Levy, Graney and Britt had formed a combination to secure all the year's permits in furtherance of this plan, the first move of the allied promoters in the open was made yesterday.

The prize-fight trust sprang into existence yesterday afternoon, when the Board of Supervisors adopted the resolution framed by the police committee and granted permits to the Associated Athletic Clubs to give professional contests in this city during the year. The Associated Athletic Clubs consist of James W. Coffroth, Edward M. Graney, William F. Britt and Morris Levy, and hereafter these men will be the power behind the throne and no one else can out them.

It is a strong combination, and there is no chance for an outsider to beat it now. The prime movers have been framing it up for a long time, and last Sunday they incorporated the new association in the city for the purpose of having the Mayor and the Board of Supervisors all lined up with them, so the job was easy and the deal was put through without a hitch.

**BRITT TO PROMOTE.**

It was known all along that Coffroth, Graney and Levy would get theirs, but the fourth man in the running was not mentioned along the line for a certainty. Now it comes to light that Willis Britt is to be a paid, free promoter, that he is to be a part of the deal, and that

the hopes of Jimmy Nond are rudely crushed. Nond was sure of a permit, but the members of the wise brigade never took him seriously.

Coffroth will continue to be the leading light in the Yosemite Club, and Levy, as usual, will be the master of the Harbor Valley Club. Willis Britt's organization will be known as the Golden Gate Club, while Graney has christened his the National Club. Levy has already secured the January and the February permits goes to Coffroth, Graney lands the palm in March and Britt figures in April. The dates go around in rotation after that each manager securing three.

**PERMITS GIVEN OUT.**

The permits for the entire year were disposed of yesterday afternoon, and hereafter there will be no more fighting nor wrangling before the Board of Supervisors by the various promoters every month. Each manager now has his share, is satisfied, and there is nothing left for him to do but wage in, sign his fighters and pull off his contest without offering up to the officials for examination.

In granting the permits the Supervisors adopted resolutions commending the promoters of the four clubs and patting them on the backs for the way the fights have been handled. The Supervisors also say they want the sport to be handled on the level and it is their wish to see it on a high-class as possible. They place the confidence in the four managers, and require them to put up a high but respectable fight and to keep the sport clean and free from scandal in the future. The Supervisors retain the right to revoke any permits whenever they see fit, and to suspend any manager against putting any dirty looking scraps.

Next Sunday morning Billy Delaney will call on his old friend Jeffries at the latter's farm near Burbank, Los Angeles county. It is a \$10 note to a canceled stamp that Billy will try to sound Jeff on the question of his return to the ring.

The big fellow will not fight again. He has never been known to break his word, and the constant repetition of his intentions for the future has never included the slightest possibility of his return to the ring.

Jeff has large callouses on his hands and says that in time he hopes to take blue ribbons at county fairs for giant pumpkins and eighteen-pound roosters. That looks like he is putting the past behind him, does it not?

NOT A RUN IS MADE

BY BARNEY EDES.

The varsity nine of St. Mary's College and the All-Stars met Sunday in the finest game seen on the college campus in years. Darkness intervened after eleven innings, with the score reading even up at the zero point.

The game was sensational in every respect, barring perhaps batting. It was the occasion of the last Sunday appearance of Phoenix preparatory to the intercollegiate series to be opened next Saturday against Stanford. McGregor, the young freshman, twirled truly phenomenal ball against this strong aggregation.

But these scattered hits were made off his mystifying assortment and seventeen of Oakland's finest were compelled to surrender after three strikes. Without conceding to the young collegian's performance it must be knowned that Hopkins was equally effective. Two hits were registered against him and he fanned ten.

Aside from the pitchers, as the score fully attests their merits, the fanning of both nines was sensational. But two dinky errors marred the entire performance.

The infield work especially was clean cut and brilliant. Joe Joyce, the clever little shortstop for the college, was the particular star in this bright firmament. He accepted eight difficult chances and his error was a trifling one, caused by a slow throw to first. Another fact worthy of note was that during the noise but two men, one from each side, reached the third sack.

The game demonstrated that the Phoenix nine are in fine fettle to defend their title of champions against the Stanford, Santa Clara and Berkeley nines. On next Wednesday St. Mary's will endeavor to slaughter the trike.

STANFORD UNIVERSITY, Jan. 23.—The baseball season at Stanford University was opened yesterday. James P. Lanagan, head coach, addressed the candidates at a meeting and clearly and definitely announced his policy and stated what obstacles the cardinal had to overcome and what was expected of the men.

Lanagan said:

"An object lesson this year is to get together nine men who will play better than California. We are to proceed on different basis than that pursued in football. At the beginning of the season I do not consider that any team exists, as the novice stands as good a show of making the varsity as the veterans of last year's team. To know baseball a man must have played the game from the time he was seven years old, for it is impossible for a man to learn the game in one season. Therefore the man of last year's team will be given first place until a candidate proves himself to be the better. It is evident that the veterans are giving their best efforts."

The heavy slugger is to be the man "Jimmy" this season, no matter if muffs the ball once out of every three chances. A sure hitter, whether he is a fielder or not, will be given preference over a fielder who steps away from the ball every time he comes up to bat. The man to sign the training rules was forty-six in all. The names are as follows:

Catchers—C. E. Stager, '97; E. P. Stone, '06; C. E. Spaulding, '08; H. Peckley, '09; Pitchers—D. B. Seay, '06; H. B. Vane, '08; W. F. Thiele, '08; L. Gooden, '09; R. C. Whitmer, '09.

Second base—T. R. Caldwell, '09; Bell, '08; J. S. Woodbury, '09; H. Stowe, '08.

**NEW YORK, Jan. 23.**—In a coma from which it had been impossible to arouse him early today, is another victim of the mushroom boxing clubs which give contests between mere boys. He is in the Henry Hospital, Brooklyn, and is Lawrence Light, 16 years old, of 272 Bond street, Brooklyn. After surgeons had worked for hours over the boy, Dr. William Gibbs, head of the hospital staff, said his condition was such that the outcome might be fatal.

Light was struck on the solar plexus, says Joseph Rivers, 45 years of age, who, it is said, struck Light; Rivers' manager, William Guffoye, and William McDonald, the alleged referee of the bout, are prisoners, charged with felonious assault upon Light.

No policemen were present, it is said, at the boxing contests of the Sir John Club, at No. 408 Third avenue, last night. There had been two fairly even rounds, and the third round was half over when Rivers, it is alleged, sent his right to Light's body, striking squarely above the knee and into the solar plexus.

Light crumpled up and as he fell his opponent drove hard to his jaw. Light's screams could not revive him and he was taken from the ring unconscious. After a physician had failed to revive him the boy was removed to the hospital.

BERKELEY TOWN GETS SOME  
MORE POLICEMEN

Request of Chief Vollmer is Granted  
--Three Deputies Added to  
Department.

BERKELEY, Jan. 23.—Partial relief and aid was granted the police department of Berkeley by the Town Trustees last night, when it was decided to add three policemen to the department.

Chief Vollmer was prepared to make elaborate argument showing how urgent are the needs of the police department, and how inefficient is the equipment for properly policing the town, but this apparently was not necessary. The Trustees were seemingly ready to take action in the matter without delay. Three policemen were ordered engaged immediately.

Marshal Vollmer presented a report asking that six new deputies be appointed, in addition to the men who now constitute the department.

Trustee E. L. Fator promptly moved that the matter be taken up at once. Trustee Hoff wanted it referred to the finance committee, to see what the finances of the town would permit in the matter.

"I don't object to its being referred to the finance committee," said Trustee Fator. "But I suggest that the finance committee take it up at once—tonight."

"Well," said Trustee Connor of the finance committee, "I may say that when we increased our revenues by adopting the new license ordinance, the interest in the police department was contemplated. We can take care of about three men, at least."

"I move, then," said Trustee Fator, "that three deputies be appointed."

The vote on the motion resulted in its unanimous adoption.

The following were appointed: William McCoy, J. W. Pearson, Thomas Woolley.

Examination of Secret Societies'  
Books Shows Accounts in  
Bad Shape.

ELMHURST, Jan. 23.—Last Friday evening Postmaster Frank Storor removed Charles S. Alvord from the position of carrier or rural free delivery route No. 1, appointing Richard J. Burrows in his place. Alvord has been on the route for several weeks and was the strongest candidate for appointment after government examination of candidates for the position which is to take place February 10. Mr. Alvord has been a resident of Elmhurst for ten years or so and prominent in nearly all the minor secret societies. In most of them he had long been secretary until recently. He ran a bakery route for some time, and had an acquaintance with the county and people that seemed likely to make him valuable in the position of carrier.

His summary removal, therefore, came as a great surprise to those who knew of it, and investigation for the reason for it showed that his official accounts had been under informal investigation in various lodges for the past week or more, with disclosures not favorable to the correctness of his bookkeeping, whatever the cause of his disappearance. The orders in which, it seems, at present that investigations have been made, are the Foresters, the New Landmark Council, the P. E. O. and the Druids. The disclosures so far discovered show an amount in all the orders, according to those apparently best informed, which he should make good of \$120, though the sum of \$1000 and \$1500 are also named. In all probability it does not much exceed \$120. In one small order it is \$50 in another small one it is \$35. In all cases but one he is out of office, and his bookcases therefore released, and it is hard to see what can be done to recover the money.

Board of Trustees Asked to Amend the License Ordinance; Matter is Referred to the Proper Committee.

BERKELEY, Jan. 23.—The two saloonkeepers of South Berkeley, W. F. The statement, and signed by nineteen citizens, was ordered filed.

Attorney Church informed the Trustees that his clients, Messrs. The matter was referred to the License Committee.

THE LATE THOMAS SINGER.

Inquest to be Held in Case of  
Thomas Singer, Who Was  
Killed by Train.

BERKELEY, Jan. 23.—An inquest is to be held tomorrow night at the morgue in Berkeley in the case of Thomas Singer, when an attempt will be made to learn just how he met his death last Saturday. Singer was killed under the wheels of the Southern Pacific train on Shattuck avenue near Ashby. Developments since the accident point strongly to evidence that Singer tried to board the train from the west side, and in some manner was caught beneath the wheels. His derby hat was blown against the breast of the car on the platform of the car. After the car had made headway the man gave the hat to the conductor.

The peculiarity of the accident, and the fact that no one saw the ill-fated man fall to his death, have led to all sorts of rumors. Information has been given by a brother of the deceased that he was always careful when boarding trains. In fact, it was a habit of the man never to alight from or board a train in motion.

The funeral will take place tomorrow afternoon from a local undertaking parlor. The Oakland Aerie of the Order of Eagles will meet the funeral cortege at the cemetery and will conduct the services at the grave.

HIS REPORT  
INSTALLED

DIRECTORS OF ALAMEDA ADVANCEMENT ASSOCIATION  
IN SESSION.

REBEKAHS OF ALAMEDA MEET  
AND GREET NEW REPRESENTATIVES.

ALAMEDA, Jan. 23.—At the meeting of the directors of the Alameda Advancement Association last night, Manager John H. Hartog presented a report for the period ending January 22, 1906, in part as follows:

The Burlington Advancement League wrote inquiring about our mode of working and committing us to what we have so far accomplished. A point that may interest you is that they secure their funds by real estate owners subscribing at the rate of one cent per front foot for improved and one-half cent per front foot for vacant property.

We need Hoag's Blue Book of San Francisco to secure the names of residents, guests at the hotels and apartment houses, to whom we should send literature. A family is never in so good a mood to be persuaded to come to a place where they can get air and sunshine as when they are cooped up in a hotel during a week of rain.

An hour was spent for Chestnut station being too expensive, we have bought a piece of redwood burl. To polish this and carve the letters in would cost \$15. Aluminum letters come to \$5.64 for both sides.

The flower stands, recently broken, are being replaced. Those who broke them will pay the cost. We have the city taxes made payable semi-annually, and the delinquent period end in January. Instead of December 1, in order to save interest on deposits.

Sufficient subscriptions have been secured to purchase the White House of Caroline street, and as soon as the deed is placed in escrow we shall take steps to collect the money. This project has taken a great deal of time and work, and was one which many residents claimed was impossible to accomplish.

As to the site for a fine hotel, the principal owner had not returned from the East when we called at his office in San Francisco last week. We believe that nothing should be done until the property desired is under option.

A citizen asks us to take steps to try and have the city taxes made payable semi-annually, and the delinquent period end in January. Instead of December 1, in order to save interest on deposits.

As the fence advertiser is appearing again, we have had the "fence" removed as fast as they have appeared. Some sidewalk stripes on Clinton avenue and San Jose avenue needing cleaning, we had this done today.

President Charles B. Neal has instructed Varny & Green to remove the billboard on Park street station.

Respectfully,

R. D. DAVIS &amp; CO.—The Store That's Growing

## Rearrangement Expansion SALE

Another selling floor will soon be added to the DAVIS STORE. The fourth floor until now has been used as a stock-room, but before long will be one of the busiest sections of the store. The departments of Ladies' Suits, Skirts and Coats, Girls' and Misses' Coats and Dresses are particularly interesting.

## Girls' Coats Greatly Reduced

We have something like 400 COATS to close out before moving to the new floor. These reductions should do the work quickly:

## JUDGE SAYS KISS YOSEMITE ROAD AND MAKE UP IS GOULD'S

TELLS COUPLE TO SETTLE DIFFERENCES FOR SAKE OF CHILDREN.

SAN FRANCISCO, Jan. 23.—For the sake of their children, Judge Graham advised Mrs. Elise Lambert and her husband, Julius Lambert, to make up and live together again when their divorce suit was before him yesterday.

Lambert, who is a waiter in a French restaurant, said he was willing to do as suggested if his wife would end her acquaintance with William Roehow, a bartender in a saloon at Chestnut and Powell streets. The trouble began, the husband declared, when Roehow became a lodger in their home, 1333 Stockton street. Judge Graham told Roehow to keep away from Mrs. Lambert or he would get into trouble. The judge tried to talk to the children, but they cried aloud and he made no progress. He continued the case for two months, but said that in the meantime he hoped the couple would live happily and bury their differences.

## RAILWAY PLANS TO SPEND \$14,000,000

NEW YORK, Jan. 23.—The Delaware and Hudson Company announced last night that the proceeds of the forthcoming \$14,000,000 of bonds by the company would be used for the following purposes: Ten million dollars for cost of the United Traction Company of Albany, N. Y., and a half interest in the Schenectady Railroad Company; \$2,400,000 for new equipment; \$1,600,000 for the construction of a cut-off around Wilkesbarre, Pa., to overcome the difficulties of congested tracks and high grades, which business received from the Pennsylvania Railroad at South Wilkesbarre is now being handled over.

## SAYS HER PEACE WAS DISTURBED

S. Simon was arrested yesterday afternoon on the complaint of Mrs. Alvina Stiffant of 1673 Seventh street, on a charge of disturbing the peace. Simon is alleged to have appeared before Mrs. Stiffant in her apartment at 1 o'clock yesterday morning, and to have stated he was looking for her husband. She said peace had been disturbed and arrested before. Prosecuting Attorney Leach and swore out a warrant for his arrest.

## MABLE'S ILLNESS.

"Mable is attending the university, you know."

"Yes."

"Well, her mother happened to tell young Dr. Sugeman that she was a little weak in her ethnology. You can't guess what he said."

"No; what did he say?"

"He said he feared that an operation might be necessary."—San Francisco Call.

It is time to look out when a thing will not bear looking into.

## WOMAN ACCUSES ELOPER

Man Who Went Away With Little Girl Must Answer.

MARTINEZ, Jan. 23.—Mrs. C. P. Mayes, mother of Clara Mayes, the fourteen-year-old girl who eloped last Friday night from her home in Antioch with L. Langley, a carpenter, came to this place yesterday and swore to a warrant charging Langley with a felony. The much-wanted man, who is now in jail in Oregon, will be returned to this city for trial. From the general indignation which reigns in Contra Costa county it is feared that all will not go well with the man who so boldly emulated the now notorious Henry Logan, the Oakland church trustee, who ran away to Oregon with little Ethel Cook not long ago.

For many weeks past Langley had been courting the child he stole away to make his bride. His persistent manner of paying attention to the girl had become known to the residents of the little town of Antioch. Constable E. B. Wheelahan had often warned the man to refrain from his ardent courtship, but Langley would not heed his words. Only a few days ago he told some of those with whom he was working on the Belshaw building that he had planned to go to Los Angeles and therefore nothing was thought to be wrong when he was not seen in his usual haunts last Friday night.

Constable George Shafter of Brentwood, who knew both Langley and the girl, saw the pair in their flight, but was not concerned, owing to the fact that he had not been informed that the two were missing. It was from information given by Shafter, however, that the couple were traced across the border into Oregon. Constable Wheelahan left today for Sacramento on his way north. He will stop at the capital to get the necessary requisition papers and then proceed to Salem, where Langley will be delivered into custody. Having no warrant for the arrest of the girl, he will have to depend solely upon diplomacy at his command to get her back to her folks. Owing to the girl's many threats that she would take her life if captured, Langley has been instructed to use every precaution to prevent such an occurrence.

ROSEBURG, Or., Jan. 23.—Following instructions wired by Sheriff Vande of Martinez, Cal., officers here Sunday night arrested Jesse L. Langley, aged 27, and Clara Mayes, aged 14, who were en route to Portland to marry. Langley is in jail. The girl is in a local hotel pending the arrival of Vande, who has telegraphed that he will secure requisition papers and start for Roseburg immediately.

## STANFORD GIRLS MAY STRIKE

OBJECT TO RULES PERMITTING NO SITTING ON STEPS WITH ESCORTS, ETC.

STANFORD UNIVERSITY, Jan. 23.—Half a dozen otiose rules added to the hundred and one, more or less, that already govern the conduct of the girls in Robie Hall, have aroused a spirit of mutiny in the dormitory akin to that in Encina Hall, whose regulations number close upon the thousand. The rules were read at a hall meeting a few nights ago by Mrs. Lucrética Linktree, the matron, and the clouds gathered immediately. The rule that has caused the greatest to-do is one which permits the matron to assign rooms to girls as she pleases her, so that a girl is deprived of the privilege of selecting her own roommates. The purpose of the rule is to break up cliques that seemed to exist among the girls, but the move is decidedly unpopular.

## TO CATARRH SUFFERERS

Hymel Cures by Breathing Medicated Air.

The popularity and increase in the sales of Hymel are unique in the annals of medicine. Such astonishing cures have been made by this remedy, that its sale is steadily increasing every year.

The complete Hymel outfit costs but \$1.00 and consists of an inhaler, that can be carried in the vest pocket, a medicine dropper and a bottle of Hymel. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hymel can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows Nature in her methods of treating diseases of the respiratory organs.

Breathe through the inhaler for a few minutes four times a day, and your catarrh is cured. That's all.

If you cannot obtain Hymel of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write today for a free sample bottle and consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hymel Building, Ithaca, N. Y.

NEW YORK, Jan. 23.—The fifth annual dinner of the Minnesota Society of New York was held at the Waldorf-Astoria last night. One hundred members were present. No set speeches were made.

These officers were elected: President, George McNeely; secretary, Frank Newell; treasurer, Willis B. Richards; vice-presidents, W. B. Claugh, Eugene G. Hay, Ansel Oppenheim and J. F. Calderwood.

## YOUTH SHOOTS FAMILY

Advances to Girl Rejected He Tries Murder and Suicide.

NEW YORK, Jan. 23.—Enraged because he was told to curb his attentions to Lillian Murphy, aged seventeen years, Paul Deltz, a youth of eighteen years, last night emptied a revolver at the girl, her brother George and their mother, Mrs. Della Murphy, in their apartments at 677 Wales avenue, the Bronx, wounding all three dangerously.

Deltz was arrested while attempting to shoot himself.

## TO INSPECT STATE FARM SITE

GOVERNOR PARDEE TO PAY A VISIT AND INVESTIGATE CLAIMS.

CHICO, Jan. 23.—Governor Pardee and Lieutenant-Governor Anderson have written to people in this neighborhood that they will, during the next few days, visit Chico with a view to considering the desirability of the piece of property offered for the State agricultural farm, adjoining the government plant introduction garden.

While this visit does not positively forecast the selection of the Chico site for the State farm, it goes far to establish the fact that the commission has not yet arrived at a definite conclusion as to the most advisable location, and it is held here that this logically settles the fact that if the determination of the site rests solely upon the natural adaptability of the land to all the conditions demanded by the act establishing the farm, the Chico site has a good chance of being selected. The only objection which has so far been raised by partisans of other sections has been on the score of transportation, which is done away with by recent railroad developments.

## KINGS' DAYS ARE ENDING

Believed Servian Dynasty Will Not Last One More Year.

LONDON, Jan. 23.—Special dispatches from Vienna to the morning London newspapers are inclined to attribute the strained relations between Austria-Hungary and Servia partly to the waning influence of King Peter. The King is reported as being powerless to control the policy of radical and Republican influences which, it is said, appear to threaten the position of the Servian dynasty.

The correspondent of the Daily Mail says:

"It is believed in Austria that the days of the Karageorgievich dynasty are numbered and that before a year has elapsed King Peter and his family will be expelled."

"King Peter's court is virtually boycotted by the European courts owing to suspicions that he had foreknowledge of the murder of King Alexander and Queen Draga and already a strong party is trying to place a German prince on the Servian throne."

## TOMATOES ARE CORNERED

EASTERN SYNDICATE HAS FULL CONTROL OF THE MARKET.

CHICAGO, Jan. 23.—Canned tomatoes have for the first time been cornered, and there is no relief in sight until the July crop comes on the market. A syndicate including Maryland, Chicago, St. Louis and Indianapolis men has secured ninety-five per cent of the present supply and prices have jumped from 8 cents for a pound can to 15 cents in a week. It is likely that the price will be trebled in another week.

The 1904 pack of tomatoes amounted to 6,000,000 cases, each containing two dozen three-pound cans. This was 3,000,000 cases short of the output of the previous year. Of this supply 1,250,000 cases went to Canada and the West. Future sales immediately rise up 3,000,000 cases, of which was left. The syndicate grabbed up 1,250,000 cases, leaving 250,000 cases to satisfy the public demand of a million cases a month. California and the South are already shipping fresh tomatoes, but they do not stop the gap except for a day or two at a time.

## SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

## CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dread complaint they pronounced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago."

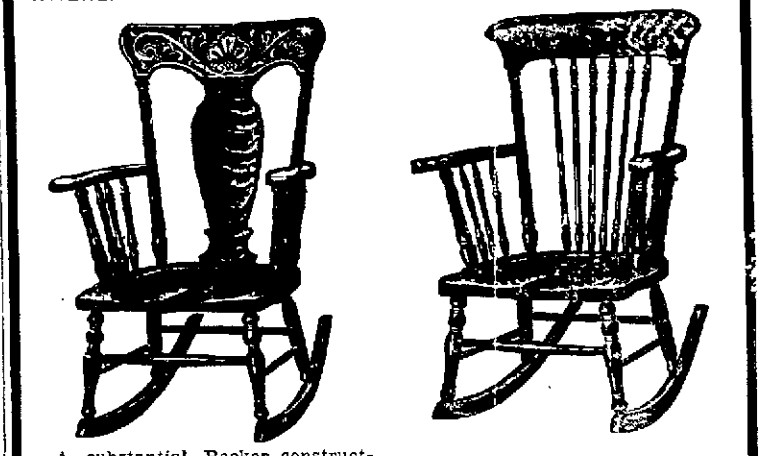

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known."
